DSL Application Form

Contact, Username, and Email Information:

Name: _____
Business: _____
Address 1: _____
Address 2: _____
City: _____ State: ____ ZIP: _____
Phone #: _____ Fax #: _____

To use the service, you must specify a username. This is the username that you will use to dial-up to our service and it will be your primary email address – the email address that your billing notifications and other important SDC notices will be sent to. For example, if you want your username to be “bob”, your email address will be “bob@sdc.org”.

Usernames can only be lowercase, alphanumeric (letters & numbers), must start with a letter, and cannot be longer than 20 characters. If the username you request is already in use you will be notified so you can make another choice.

Passwords can be any length and can consist of any key you can enter on the keyboard. To help keep your account secure we require that passwords be at least 6 characters, must be a combination of letters, numbers, or symbols, and must not contain common names or English words. For example, “bird” is not a valid password, but “b1rd #” is. Do not use a password that is the same as the password you use for any other account or service.

If you would like SDC to host up to four free additional email addresses as well, please fill them in here.

Username:	_____	Password:	_____
